UC Santa Cruz Campus Security Report for 2010

The University of California, Santa Cruz is committed to protecting the safety and security of all students, staff, and faculty, as well as visitors to our campus, and to providing accurate and complete information regarding crimes committed in the campus community. We believe that our policies and programs for preventing and reducing crime, and our emergency notices, timely warnings and disclosure of crimes reported, promote a safer, more informed community.

UC Santa Cruz publishes an annual Campus Security Report including important information about safety and security policies implemented to protect the welfare of our campus community, as well as crime statistics for the campus. This report has been prepared in accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998 ("Clery Act"), 20 U.S.C. § 1092(f), Title 34 U.S. Code of Federal Regulations Section 668.46, the Higher Education Opportunity Act or HEOA (Public Law 110-315) and the California Education Code, Sections 67380-67385. A copy of this report may be found at: [http://www.ucsc.edu/about/crime-stats/](http://www.ucsc.edu/about/crime-stats/).

The campus also publishes a Fire Safety Report, containing information about fire safety policies, procedures, and statistics, available online at: [http://fire.ucsc.edu/](http://fire.ucsc.edu/).

The Annual Campus Security Report contains information regarding:

- Reporting crimes and emergencies (reporting crimes/emergencies; non urgent crime reports; confidential crime reports, reporting hate crimes)
- The UC Santa Cruz Police Department
- Emergency Notification, CruzAlert system, Crime Alert bulletins and Timely Warnings
- Missing Persons Notification Policy
- Procedures for handling sexual assault cases (reporting the assault; seeking medical attention/preserving evidence; support, assistance, resources and referrals)
- Reporting suspected misconduct by students, student organizations, staff or faculty
- How to obtain public information regarding sex offenders
- Keeping the campus safe: safety precautions (developing campus safeguards, access to and maintenance of campus buildings and grounds; walking and biking on campus; no weapons on campus)
- Education & prevention services and programs (Crime Prevention Unit; Campus Violence Prevention Program and Bike Patrol Unit)
- Collection of statistics for campus security report
- Substance abuse: policy, sanctions, & laws (University policy and sanctions; federal, state, and local laws and penalties)
- Prevention, education, resources, and assistance for substance abuse
- Health effects of substance abuse

UC Santa Cruz Geography

UC Santa Cruz general campus geography may be found at: [Main Campus and buildings](http://maps-dev.ucsc.edu/content/printable-maps).

Off Campus locations: [http://maps-dev.ucsc.edu/content/directions-campus](http://maps-dev.ucsc.edu/content/directions-campus).

The UC Santa Cruz Police Department (http://police.ucsc.edu) has primary jurisdictional responsibility of the UC Santa Cruz main campus and immediate campus properties. The jurisdictional responsibility for off campus locations are shared with the City of Santa Cruz Police Department, as well as other County and local Municipal law enforcement agencies. The jurisdictional authority of the UC Santa Cruz Police Department at off campus locations is cited in the California Education Code, section 92600 subsection (b) as provided in section 830.2 of the California Penal Code.

The UC Santa Cruz Police Department

UC Santa Cruz Police Department officers are duly sworn peace officers under Section 830.2 of the California Penal Code. The department’s 17 officers are armed and have the same authority under the law as municipal police officers.

UC Santa Cruz Police Officers patrol the UC Santa Cruz campus and off-campus locations 24 hours a day, 365 days a year. They enforce applicable local, state, and federal laws; arrest violators; investigate and suppress crime; investigate traffic and bicycle accidents; and provide a full range of police related services, including immediate response to medical and fire emergencies. Bike Patrol officers provide highly visible and accessible policing services, focusing their efforts on bike theft prevention and apprehension, bicycle safety, and enforcement.

The Dispatch Center is a full scope emergency 9-1-1 center and operates 24 hours a day, 365 days a year and can receive calls from TDD machines.

The UC Santa Cruz Police Department has primary jurisdiction over the University of California, Santa Cruz campus and of the University off campus properties. Crime prevention and apprehension of those who commit crimes within the police department jurisdiction at UC Santa Cruz is the UC Santa Cruz Police Department’s primary goal. To achieve their goal, the UC Santa Cruz Police Department works closely with surrounding law enforcement agencies, and has written agreements with city, county and state police agencies.

Reporting Crimes and Emergencies

All crimes occurring on campus should be reported immediately to the UC Santa Cruz Police Department to ensure an appropriate response. The University strongly
encourages victims to report immediately all incidents and suspicious activity to the UC Santa Cruz Police Department any time of the day or night. Crimes occurring outside of the UC Santa Cruz Police Department response area should be reported immediately to the law enforcement agency having jurisdiction.

**Emergencies**
To report crimes in progress or police, fire, or medical emergencies on campus:

- If calling from a cell phone, dial 9-1-1 to reach the UC Santa Cruz Police Department Dispatch Center.
- If calling from any land line phone on the UC Santa Cruz campus, including pay phones, dial 9 1 1, this will connect you directly to the UC Santa Cruz Police Department-Dispatch Center.
- Using one of the emergency blue light telephones located throughout facilities and parking areas can be used to report emergencies. In an emergency, you need only lift the receiver or push a button to be connected to a dispatcher. Even if you are unable to speak, the dispatcher can locate the phone from which you are calling and dispatch a UC Santa Cruz Police Officer to your location.
- On campus, if you dial 9 1 1 from a land line phone or use a blue light emergency telephone, the dispatcher or operator can locate the phone from which you are calling and will dispatch a police officer.
- If there is a fire and no telephone is available, activate one of the fire alarms located throughout campus.
- If you need assistance in a campus elevator activate the elevator telephone by picking up the receiver or push the phone button. A dispatcher will receive the call and send an UC Santa Cruz Police officer or firefighter to your location.

**Non-Emergencies**
For NON EMERGENCY calls for assistance:

- If calling from a cell phone or land line phone, call the UC Santa Cruz Police Department at (831) 459-2231.
- The UC Santa Cruz Police Department is located in the ERC-Emergency Response Center/Police Department Building at the base of campus.

**Confidential Reporting Process**
If victims do not wish to file a police report, they or others acting on their behalf can report crimes informally and confidentially (no names or criminal investigation) to the UCSC Women’s Center (831)459-2072 or (831)459-2169 (http://www2.ucsc.edu/wmcenter/) or the UC Santa Cruz Police Department TIP line (831)459-3847, and confidentially via the Internet at http://police.ucsc.edu/crime.html. UC Santa Cruz encourages licensed counselors (including Sexual Assault Victim Advocates) and pastoral (religious) counselors to inform those they counsel, if and when they deem it appropriate, of these procedures for reporting crimes on a voluntary, confidential basis for inclusion in crime statistics.

**Emergency Notification Systems and Procedures**
The campus maintains an emergency notification system (ENS) branded as CruzAlert which is provided by a third party vendor specializing in such systems. The ENS is capable of sending messages via phone, e-mail and text messaging. All campus e-mail addresses (students, faculty and staff) and business phone numbers (faculty and staff) are loaded into the ENS automatically. Student cell phone numbers are collected during class registration and are automatically loaded into the ENS unless a student chooses to opt-out of receiving messages. Faculty and staff can also optionally choose to provide additional phone numbers or e-mail addresses. The ENS is activated whenever an imminent threat to the life safety of campus affiliates (students, faculty, staff, visitors and other residents) is identified. The campus has developed procedures and delegated message initiation authority to ensure that a message can be sent without delay in the event of an emergency.

Pre-scripted messages for potential emergency situations (based on the campus Hazard Vulnerability Assessment) have been developed by Emergency Management and Public Information Office personnel and are loaded into the system. These messages can be modified as necessary during an incident. All sworn UC Santa Cruz Police Department and campus Fire Department personnel have the authority to initiate (request) an ENS message if required. Typically, the senior-most individual on-scene (incident commander) will make the decision as to whether or not a message is required based on the situation and operational requirements.

The individual initiating the message will then contact the UC Santa Cruz Police Dispatch Center. The Dispatch Center, Campus Emergency Manager, or designated emergency management duty officer have access to the system for disseminating a message.

The campus Emergency Operations Center can also initiate messages during activations under the authority of the designated EOC Director. The Emergency Manager or the designated emergency management duty officer performs the message activation. Personnel who can initiate an ENS message include those in the following job titles:

- Police Officer
- Police Sergeant
- Police Captain
- Police Chief
- Firefighter
- Fire Engineer
- Fire Captain (shift captains and Emergency Manager)
- Assistant Fire Chief
- Fire Chief
- EOC Director

Personnel who can activate the ENS include those in the following job titles:

- Fire Captain (Emergency Manager)
- Assistant Fire Chief
- Fire Chief
- Police Dispatcher
Communications to the larger community, including routine announcements as well as on-going updates during emergency situations are coordinated by the Public Information/Communications Office, which maintains contacts with local print, radio and television media outlets. In addition to the emergency notification system, the campus also disseminates emergency information to campus affiliates via the following methods:

- Campus emergency website ([http://emergency.ucsc.edu](http://emergency.ucsc.edu))
- Campus home page ([http://www.ucsc.edu](http://www.ucsc.edu))
- RSS feeds: RSS (Rich Site Summary) is a format for delivering regularly changing web content. Many news-related sites, weblogs and other online publishers syndicate their content as an RSS feed to whoever wants it.
- Social networking sites including Twitter, Facebook and LinkedIn
- Portable electronic sign trailers at campus entrances
- (831) 459-INFO information message line
- KZSC (88.1 FM) campus radio station ([http://www.kzsc.org/](http://www.kzsc.org/))

Timely Warning and Community Alerts systems are tested annually. Public Information/Communications Office can dispense information via the campus e-mail distribution list when this occurs. Other system tests include building evacuation drills which are conducted typically during the first month of the fall quarter. For operational purposes, some units/buildings conduct evacuation drills during different time frames. Other emergency exercises, including full-scale EOC-based exercises, are conducted during the year. The campus Fire Department documents all evacuation drills and emergency exercises in their records management system.

**Emergency alerts and warnings**

The alert process consists of two categories: Immediate Notification and Timely Warning. An Immediate Notification is for an imminent threat, and a Timely Warning provides information about a crime that could affect the campus community. Timely warnings are sent by e-mail or postings on the police or campus website.

The campus has implemented the CruzAlert system for Immediate Notifications to send mass messages to students, faculty, and staff during emergencies. Messages are sent by multiple methods to contact information listed in the campus directory as well as confidential contact information registered by users. CruzAlert provides faculty, staff and students with emergency information and instructions during emergencies or other urgent situations that may directly affect their well-being. The system can send simultaneous messages to the university community by e-mail, telephone, cell phone and text messaging.

To update their contact information, students, faculty and staff must use the CruzAlert website at [http://cruzalert.ucsc.edu](http://cruzalert.ucsc.edu). The alert system is designed to provide lifesaving information to those in harm’s way. Others, such as parents or members of the media, are not included in the system.

Additional information can be found at the UC Santa Cruz webpage ([http://www.ucsc.edu](http://www.ucsc.edu)), the Emergency Management webpage ([http://emergency.ucsc.edu](http://emergency.ucsc.edu)), or the campus radio station KZSC Santa Cruz 88.1 FM ([http://www.kzsc.org](http://www.kzsc.org)).

**Managing Emergencies, Safety Services**

UC Santa Cruz has a comprehensive emergency management program under the guidance of a full time emergency planner. It includes a formal emergency operations plan for preparing for, responding to and recovering from emergencies. UC Santa Cruz uses an emergency operations center to coordinate response to major emergencies, and trained employees staff the center. UC Santa Cruz conducts training sessions and emergency exercises. UC Santa Cruz is part of a regional emergency management system, and it is in compliance with state and federal standards for managing emergencies. See information available at: [http://www.emergency.ucsc.edu](http://www.emergency.ucsc.edu).

**Crime Alert Timely Warning Bulletins**

UC Santa Cruz Police Department publicizes any incident of criminal activity that poses a potential threat to the campus community. Such Timely Warning bulletins are printed and distributed to the Santa Cruz campus and can be accessed on line at the UC Santa Cruz Police Department website: [http://www2.ucsc.edu/police](http://www2.ucsc.edu/police).

**Daily Police Logs**

The Daily Crime Log lists crimes reported to and responded by the UC Santa Cruz Police Department for the previous 60 days. The information listed in the log includes the nature of the crime, general location, date/time occurred, disposition, and date reported. The Daily Crime Log is kept in the Police Department Records unit, and upon request is immediately available to the public during the Records unit business hours. Any information pertaining to the Daily Crime Log that is older than the previous 60 days can be made available within two business days, upon request.

**Missing Persons Notification Policy**

The UC Santa Cruz Police Department will take any missing persons report, which is reported to them without delay regardless of jurisdiction. A missing person report will be given investigative priority over non emergency property crimes.

When an officer receives a report of a missing person, the officer will determine the category of missing person and complete a report. The reporting officer will ensure that the appropriate information is entered into the California and National Missing Persons database. If the missing person is a student; the reporting UC Santa Cruz Police Officer will also ensure notification is made to the student’s emergency contact, if available, within 24 hours of the initial report. If the missing person is under 18 and not emancipated, UC Police will notify a custodial parent or guardian.

**Missing Students Residing On Campus:**

UC Santa Cruz takes the safety and welfare of our students very seriously. In addition to the university registration process, when a student completes an annual application for on-campus housing they are required to complete a “primary contact” information request in the student housing system. Students may designate a person different from their primary contact be contacted should they be missing, unless the student is under the age of 18. Students may update this information at any time through the Student Housing On-line System or university registration system.

The student may designate more than one contact. They are informed that the primary contact will be notified if the student is deemed missing for more than 24 hours or immediately if the circumstances classify the case as “At Risk.”

Additionally, the following criteria should be used to determine if this is an “At Risk” case. These cases should be
Procedures for Reporting Sexual Assault

Sexual assault is a general term, which covers a range of crimes, including rape and statutory rape. Sexual assaults should be reported to the UC Santa Cruz Police Department immediately. Reporting the incident allows the police to perform a thorough investigation, collect valuable evidence for criminal prosecution, and often times quickly identify and apprehend the perpetrator. If sexual assault occurs off campus, it should be reported to the police agency that has jurisdiction in the area where the crime occurred. If you request a police response after an on-campus assault, a UC Santa Cruz police officer will explain the police and medical procedures, and, with your consent, transport you to the nearest hospital where you will meet with an advocate and a specially trained nurse. Physical evidence should be collected as soon as possible, and only at a certified facility, and may be done only at the request of a law enforcement agency. To preserve evidence, you should not change clothes, bathe or shower, brush your teeth or use mouthwash, comb your hair, or take other action to clean up before going to the hospital. You should seek immediate medical attention whether or not you report the incident to the police, even if you do not feel you have been seriously injured. A medical examination is important to check for sexually transmitted diseases or other infection/injuries, or for pregnancy.

Support and Assistance for Sexual Assault

Counseling and Psychological Services (CAPS) provides crisis intervention counseling and support for students that have been a victim of sexual assault. The Employee Assistance Program (EAP) provides similar services for staff. CAPS provide same-day services for students who are in crisis due to rape and/or domestic or relationship violence. The staff at CAPS is sensitive to the needs of survivors of rape and sexual assault, as well as their partners, spouses, friends, and families. CAPS will listen with care to any concerns you may have and will provide information about various resources that are available. Support services provided by counseling psychologists are confidential, by law. (The only exceptions are specific life-threatening circumstances and child and elder safety issues). CAPS may be contacted by calling (831) 459-2628.

Sexual Violence Prevention and Education offers crisis counseling for survivors of rape/sexual assault, as well as advocacy, referrals and resource options. You can expect to be treated with respect and compassion. Sexual Violence Prevention and Education is required to make an anonymous incident report (without disclosing the identity of the survivor) of all campus-related rapes to the Title IX Officer. Sexual Violence Prevention and Education personnel can be reached September through June, at (831)459-3792, and also at http://www2.ucsc.edu/rape-prevention. Services are also available through the Women’s Support/Defensa De Mujeres Watsonville office 233 East Lake Ave. Watsonville CA. 95076 (831)722-4532 or 24 hours through the domestic violence/sexual assault crisis line (888)900-4232. With respect to academic matters, the UC Santa Cruz campus advocate serves as liaison between you and instructors, departments, and dean’s offices to make necessary arrangements for accommodations. The UC Santa Cruz campus advocate also serves as liaison for issues of housing and safety, and will assist obtaining on campus housing if necessary. In addition, sexual assault is an extreme form of sexual harassment. The UC Santa Cruz Sexual Harassment policy defines sexual harassment, provides procedures for reporting sexual harassment and addresses how the campus resolves complaints of sexual harassment: http://www2.ucsc.edu/title9-sb.
Sexual Harassment

Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when submission to or rejection of this conduct explicitly or implicitly affects a person’s employment or education, unreasonably interferes with a person’s work or educational performance, or creates an intimidating, hostile, or offensive environment. In the interest of preventing sexual harassment, the university will respond to reports of any such conduct. (http://www2.ucsc.edu/title9-sh)

Sexual harassment may include incidents between any members of the university community including faculty and other academic appointees, staff, coaches, housing staff, students, and non-student or non-employee participants in university programs, such as vendors, contractors, visitors, and patients. Sexual harassment may occur in hierarchical relationships or between peers, or between persons of the same sex or opposite sex.

In determining whether the reported conduct constitutes sexual harassment, consideration shall be given to the record of the conduct as a whole and to the totality of the circumstances, including the context in which the conduct occurred.

Consistent with federal requirements, beginning in fall 2011, all UC Santa Cruz students will receive notification via their MyUCSC portal regarding how to report incidents of sexual assault/Title IX violations. This notice will also include resource and support referrals.

The investigatory procedure for sexual harassment is the same procedure discussed in the above section on sexual assault. If you have questions or just want to inquire about sexual harassment or sex discrimination; if you want to make a report or file a complaint; if you want an educational seminar for any campus group; or if you want information, advice, referrals, copies of the UC Santa Cruz Policy on Sexual Assault, UC Santa Cruz Policy on Sexual Harassment and Procedures for Reports of Sexual Assault (s) and Sexual Harassment or copies of the Sexual Harassment Annual Report, please contact the Title IX/SHO. Any person who is the target of sexual misconduct should consult with the Title IX/SHO at (831) 459-2462 to receive information about your options and to receive referrals to appropriate resources. The Title IX/SHO web address is http://www2.ucsc.edu/title9-sh.

Stalking

Section 646.9 of the California Penal Code defines stalking with the following description: any person who willfully, maliciously, and repeately follows or willfully and maliciously harasses another person and who makes a credible threat with the intent to place that person in reasonable fear for his or her safety, or the safety of his or her immediate family is guilty of the crime of stalking, punishable by imprisonment in a county jail for not more than one year, or by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment, or by imprisonment in the state prison.

Domestic Violence

Section 273.5 of the California Penal Code defines Domestic Violence with the following description, any person who willfully inflicts upon a person who is his or her spouse, former spouse, cohabitant, former cohabitant, or the mother or father of his or her child, corporal injury resulting in a traumatic condition is guilty of a felony. Section 273.5 of the California Penal Code requires some kind of bodily injury to be inflicted on a person with whom the defendant currently has, or previously had, a domestic relationship. Section 243(e)(1) of the California Penal Code is a battery committed upon a spouse, former spouse, cohabitant, parent of the defendant’s child, fiancé, or anyone with whom the defendant has (or previously had) a dating relationship.

Sex-Offender Registration

The State of California requires sex offenders to register with the police department in the jurisdiction in which they reside. The state makes this information available to law enforcement agencies. This information is available to the public at the local police/sherriff’s department. For the UC Santa Cruz campus, information on registered sex offenders is available at the Santa Cruz County Sheriff’s Department, 701 Ocean Street, Santa Cruz, CA 95060, and (831) 454-2242. Additionally, the Campus Sex Crimes Prevention Act provides for the tracking of convicted sex offenders enrolled at or employed at institutions of higher education. The California Penal Code Section 290.01 requires sex offenders already required to register within the state to, within five working days, also “register with the Chief of Police of a campus of the University of California if she or he is domiciled upon the campus or any of its facilities” of higher education at which the person is employed, carries on a vocation, or is a student. Information on these registered sex offenders is available to the public at the UC Santa Cruz Police Department. Access to the data is by appointment. Information on registered sex offenders is also available on the Megan’s Law website at http://www.meganslaw.ca.gov.

Disciplinary Action against UC Santa Cruz Students, Staff, or Faculty

To report criminal activity or misconduct by a UC Santa Cruz student, staff, or faculty person that affects the health or safety of individuals on campus, call the UC Santa Cruz
Police Department at (831) 459-2231 or dial 9-1-1 for in progress crimes. University policies prohibit physical assault, including rape; threats of violence; and conduct that threatens health and safety, as well as vandalism and harassment. Students who commit crimes may be criminally prosecuted as well as disciplined by the campus, and students and student organizations may be disciplined for off campus conduct that threatens safety or security. If a formal student disciplinary hearing is held, both the alleged victim and the accused have the same rights to be present at the hearing, and both have the same right to be accompanied by an advisor at any stage of the process. If the incident involved an alleged crime of violence or an alleged non forcible sex offense, both the alleged victim and the accused student are notified of the final decision in the disciplinary proceeding and any sanctions imposed. If the victim is deceased as a result of the crime, the disclosure will be made, upon request, to the alleged victim’s next of kin. A finding that the violation was intentional, forcible, violent, or motivated by hatred or bias normally results in a sanction of suspension or dismissal.

In addition, the Student Judicial Affairs Office, in coordination with the College Administrative Officers, handles certain misconduct matters that may be resolved either by voluntary resolution, appeal, or formal hearing. Disciplinary sanctions issued through the resolution process depend on the seriousness of the policy violation and may include warnings, fines, probation, community service, suspension, or dismissal from the university. The phone number for the Student Judicial Affairs Office is (831) 459-1738. (Refer to the Student Policies and Regulations Handbook: http://www2.ucsc.edu/judicial/handbook.shtml.

UC Santa Cruz staff or faculty members may be subject to disciplinary action under applicable personnel policies or collective bargaining agreements. Faculty misconduct is to be reported to the faculty member’s department chair, or if the person is a staff member, to the office of Staff Human Resources at (831) 459-2009.

Off-Campus Criminal Activity by Recognized Student Organizations

UC Santa Cruz does not sponsor off-campus housing for student organizations. Therefore, we do not have any officially recognized student organizations that have facilities off campus.

However, members of some organizations may reside in off-campus apartments or houses that serve as an unofficial meeting place or home base. UC Santa Cruz does not recognize these locations or entities. Should a criminal activity occur during a recognized student event off the campus, the University Judicial System may extend jurisdictional boundaries as appropriate under University policy.

Ombuds Office

The Ombuds Office is an impartial and confidential resource available to all members of the UC Santa Cruz community. The office assists students, staff, and faculty in informal resolution of complaints and conflicts that stem from UC Santa Cruz policies, procedures, practices, and intercampus relationships. The office is confidential, impartial, independent and informal. The Ombuds Office operates independently of administrative authorities and protects the privacy of all contacts and communications to the office. When appropriate, Ombuds staff encourages direct interaction between involved parties and support individual responsibility for resolution. Using a one-to-one collaborative approach, Ombuds staff maintains a neutral role when listening to concerns and providing options to resolve them. Services include providing information on campus resources, policies, and procedures and making appropriate referrals. The office is not involved in formal grievance or disciplinary processes and cannot set aside any university policy or rule. Speaking with the campus Ombuds does not constitute formal notice to the university, of problems or policy violations. The Ombuds can be reached at (831) 459-2073 or e-mail bmccann@ucsc.edu. Call for further information or for an appointment. The Ombuds Office is located at 109 Kerr Hall. For additional information, visit the Ombuds Office web site at http://www2.ucsc.edu/ombuds/

Keeping the Campus Safe: Safety Precautions

Providing security to the campus community is a continuous process of reevaluating existing policies, facilities, and practices so that they conform to the changing needs of the community and reduce or eliminate hazards. To supplement the efforts of the UC Santa Cruz Police Department, several committees and programs exist or are developed on an as needed basis to evaluate existing practices, facilities, and landscaping and make security recommendations.

Working with staff, faculty and students, we strive to make UC Santa Cruz a safe place in which to live and learn. For more information refer to the Admission’s Health and Safety page at http://admissions.ucsc.edu/apply/parents-and-guardians/prospective-students/health-safety.html.

Security and Access to Campus Buildings and Grounds

UC Santa Cruz is a large campus, situated on 2,000 acres of land with two entrances. Additionally there are 3,600 acres of near-by UC Santa Cruz controlled land. During the school year, our average daytime population comprises more than 23,000 students, staff, and faculty, which make us a small city with our own crime concerns. Regardless of the time of day or night, no matter where you are on campus, be alert and aware of your surroundings and exercise common sense safety precautions. During the daytime (Monday through Friday) the campus and most of its buildings are open and accessible to the public (excluding residential facilities). Consequently, the campus is vulnerable to thefts and other related crimes during these hours. People can help to prevent theft by keeping doors and windows locked when no one is in the room and by not leaving valuables unattended in public areas. Access to the campus during the evening hours is limited to members of the campus community, their guests, and persons with verifiable business on campus. Kiosk guards employed by the UC Santa Cruz Police Department are stationed at kiosks at each campus entrance during the evening hours to screen visitors to the campus. UC Santa Cruz comprises 10 residential colleges, each of which is patrolled by a nighttime Community Safety Officer (CSO). The CSOs are responsible for a variety of tasks in the college areas primarily related to safety, residential security and University policy enforcement. Additionally, they work with the Residential Staff to assist students with problems related to residential life on campus. The campus has been continuing to enhance safety and security through the expansion of the campus “blue light” (emergency) phone system, electronic door access systems and emergency alarm locations.
Nonresidential Buildings

Our campus has more than 550 buildings comprising over 5.7 million square feet. These structures may be targeted by burglars or individuals intent on other crimes. Although almost all of these buildings can be accessed by key after business hours, many are locked and after 5 p.m. have security alarms. It is essential that staff, faculty, and students cooperate to keep facilities locked (do not prop doors open or leave doors unlocked if you enter after hours) and to ensure that unauthorized individuals do not enter campus buildings (do not open the door for individuals you do not know, protect the security of campus keys, and report immediately the loss or theft of keys).

Residential Buildings

UC Santa Cruz provides residential housing to approximately 8,000 students, from apartments designed for students with children to multi-student apartment complexes and residence halls. Additionally, on campus residential housing for faculty includes 51 rental apartments, seven college houses occupied by the College Provost, 188 for sale houses at the base of campus, an off campus residential facility on Pacific Avenue in Santa Cruz (University Town Center) and 18 residential units on Mount Hamilton.

The UC Santa Cruz Police Department and Housing and Residential Life staff work closely together to create a safe, comfortable living and learning environment. Campus wide security and safety seminars are held for residents throughout the year to increase awareness of crime risks and to improve campus safety. Students are encouraged to take advantage of these training sessions and to take responsibility for their personal and community safety. To keep residents immediately informed of major crimes or threats to the campus, student-housing staff promptly posts all Crime Alert Bulletins. All residence facilities are accessible to residents and their guests 24 hours a day. Residential facilities are not open to the general public. Residents should take an active role to ensure their own security by exercising common sense and by learning and following campus security procedures. In addition, since the campus is open and residents may host guests in residential facilities, residents need to be alert and aware of their surroundings.

To maintain the safety and security of residential facilities, residents and visitors must:

- Ensure that entrance doors are closed and locked according to college or housing policies.
- Keep their room or apartment door locked at all times
- Always carry their keys, take precautions to protect their keys against theft or loss, and report immediately any theft or loss of their building and or room keys.
- Residents should never open their door for people they don’t know.
- Alert residential staff and the UC Santa Cruz Police Department if unauthorized entry (for example, if they see someone climbing over a fence) or seeing suspicious activity (someone they don’t know walking out of a friend’s room carrying a computer) occurs.

The security of residential areas is a shared responsibility that involves on-duty residential staff, community safety officers, round-the-clock UC Santa Cruz police patrols, and the residents themselves.

Parking, biking, or walking on campus

If you park on campus, lock your vehicle and consider using a steering wheel locking device and/or auto alarm. Similarly, always lock your bicycle, even if you will be gone only a few minutes, and secure it to a fixed bike rack/pod if possible. If you are out at night on campus or walking to campus parking lots, use due caution and most important, if you need assistance, do not hesitate to ask any staff member community safety officer or police officer for support.

Weapons on campus

State law and University policy prohibit the possession or use of weapons on University property. It is a felony punishable by up to four years in prison to possess any firearm on University property, whether in a book bag, in the car, or in an office, classroom, or apartment. Possessing a concealed weapon or automatic weapons of any kind is illegal, whether on campus or in the community. Campus policies prohibit bringing on campus weapons such as knives with blades longer than 2 1/2 inches, switchblades, dirks, daggers, stun guns, BB gun, air guns, metal knuckles, nunchucks, etc.

If you see a firearm or other weapon at UC Santa Cruz, please alert the Police immediately by dialing 9-1-1. Be prepared to provide a description and location of the suspect or individual carrying the weapon. The police may also be contacted by using an emergency blue light kiosk.

Education, Prevention Services and Programs

Crime prevention is the anticipation, recognition, and the appraisal of a crime risk and the initiation of action to remove or reduce it. The UC Santa Cruz Police Department provides support and services to campus community members to make UC Santa Cruz Police Department a safer place to work, learn and live. UC Santa Cruz Police Department present workshops/training sessions annually (on request), and provides brochures and flyers for students, faculty, and staff on topics such as personal safety, office and residential security, active shooter situations, burglary and theft prevention, and vehicle security. The UC Santa Cruz Police Department representatives provide consultation and crime prevention audits. Upon request; they may assist in developing department specific emergency plans for evacuations, bomb threats, and criminal incidents. In addition, they may give crime prevention and physical security systems recommendations for the planning process of new buildings, and landscaping design.

Collection of Statistics for Campus Security Report

The UC Santa Cruz Police are responsible for collecting statistics, identifying reportable crimes, reporting crimes to the FBI and the Department of Education, and publishing statistics to the public. Under law, these statistics must be reported in the categories specified by each agency. FBI statistics include ONLY crimes occurring on the campus that are reported to police. The Clery Act requires reports from a wider geographic area (e.g. adjacent public property and off campus student organization property); from a broader scope of “reporters” known as, “campus security authorities.” A campus security authority (CSA) is someone having “significant responsibility for student and campus activities,” including but not limited to faculty and staff, such as deans, athletic coaches, student housing and student judicial staff, and advisors to student organizations, for disciplinary referrals as well as incidents reported for drug, alcohol, and
For more information about CSA responsibility: http://www2.ucsc.edu/judicial/clery.shtml.
The CSA crime report form can be found at: http://www2.ucsc.edu/judicial/clery.shtml.

The current Campus Security Report has been compiled for the previous calendar year (2010) from crime reports received by the UC Santa Cruz Police Department; from crime statistics received from other police agencies having jurisdiction over off-campus UC Santa Cruz affiliated, owned, or controlled property and from crime reports received in response to written requests sent to non-police “campus security authorities,” and from reports received through the Confidential Reporting Process described previously.

The City of Santa Cruz and Santa Cruz County surround the UC Santa Cruz main campus. The UC Santa Cruz satellite locations are surrounded by Santa Clara County and Monterey County along with the cities of Santa Clara and Marina. Police agencies with jurisdiction over those areas are sent annual written requests for statistics of crimes occurring on University affiliated property. Other law enforcement agencies also receive written requests if they have UC Santa Cruz buildings/property in their jurisdictions. UC Santa Cruz Police report arrests for liquor, drug, and weapons offenses occurring on campus, including student residences on campus. The Annual Security Report also includes statistics of arrests made by UC Santa Cruz police or other police agencies on public property adjacent to campus and at off campus property owned, controlled by, or affiliated with UC Santa Cruz. The report also includes disciplinary referrals to Student Judicial Affairs for drug, alcohol, weapons, and other Clery crimes not otherwise reported as an arrest or crime.

Preparation of the Annual Disclosure of Crime Statistics

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the university community for specific crimes reported to the UC Santa Cruz Police Department, the Santa Cruz (city) Police Department, Santa Cruz County Sheriff’s Office, and the following campus officials:

1. Director of Student Judicial Affairs, who collects student disciplinary incidents/statistics from the following units:
   - Associate Vice Chancellors for Student Affairs/Dean of Students
   - Dean, Graduate Division
   - Student Organization Advising Resources
   - Counseling and Psychological Services
   - Academic Information Systems
   - Student Center
   - Campus Orientation Programs
   - Student Health Services
   - Recreation
   - Educational Opportunity Programs
   - Registrar’s Office
   - Asian American/Pacific Islander Resource Center
   - Disability Resource Center
   - Bay Tree Bookstore
   - American Indian Resource Center
   - Educational Partnership Center
   - Financial Aid
   - Student Media
   - African American Resource and Cultural Center
   - Athletics
   - Admissions Office
   - Chicano Latino Resource Center
   - Women’s Center
   - Office of Physical Education, Recreation and Sports
   - Development for Scholarships and Student Affairs
   - College Student Life and Residential Services
   - Dining Services
   - Graduate Student Housing/Camper Park
   - University Town Center
   - Child Care Services
   - Community Rentals Office
   - Faculty Housing Office
   - Family Student Housing
   - College Eight

   - College Nine
   - College Ten
   - Cowell College
   - Crown College
   - Kresge College
   - Merrill College
   - Oakes College
   - Porter College
   - Stevenson College
   - Rape Prevention Education
   - Gay, Lesbian, BiSexual, Transgendered Resource Center*
   - Fitness/Wellness Programs
   - Career Center

2. Director of Equal Employment Opportunity/Affirmative Action

3. Title IX Officer: UC and UCSC policy requires all managers, supervisors, and other designated employees to report all sexual assault and sexual harassment complaints to the Title IX Officer. The Title IX Officer then makes a statistical report for the crime summary. Statistics are collected from the following:
   - Vice Chancellors
   - Deans
   - Dean of University Extension
   - Director of Summer Session
   - Provosts
   - Department Chairs
   - Department Undergraduate and Graduate Advisers
   - Department Assistants/Managers
   - College Administrative Officers
   - Manager of Family Student Housing
   - Manager of Graduate Housing and Camper Park
   - Unit Heads
   - Program Directors
   - Supervisors
   - University Police
   - Rape Prevention Education Coordinator
• Student Judicial Affairs Director
• Coordinators for Residential Education
• Community Safety Officers
• Program Coordinators
4. Director of Internal Audit
5. Assistant Director of the Long Marine Laboratory

The Fire Safety Report is available at: http://fire.ucsc.edu/heoa.

The University encourages that all crimes be promptly reported to the UC Santa Cruz Police Department, and that non police campus security authorities receiving reports of crimes forward the information to the UC Santa Cruz Police and by established reporting form. In general, reports are confidential unless the victim gives permission to document identifying information or for police to investigate. Report forms include crime definitions and request specific information (date, location, nature of offense). This information is used to compile statistics, while preserving confidentiality, avoiding duplicate or inaccurate statistical reporting, and to assign reports to appropriate Clery and FBI crime classifications. For questions regarding the preparation of the Annual Security Report, call (831)459-2231 and ask for the record and communications manager or service division captain.

Substance Abuse: Policy, Sanctions and Laws

In accordance with the Drug Free Schools and Communities Act of 1989, the following information is provided regarding University and campus policies prohibiting unlawful possession, use or distribution of drugs or alcohol; University and campus sanctions regarding drug and alcohol violations by students or employees; federal, state, and local laws and penalties for drug and alcohol offenses; health effects of drug and alcohol abuse; and local resources providing assistance for drug and alcohol abuse (counseling, rehabilitation, or re-entry programs).

University Policy and Sanctions

The University strives to maintain communities and workplaces free from the illegal use, possession, or distribution of alcohol and other drugs. Manufacture, sale, distribution, dispensation, possession, or use of alcohol and controlled substances by University students and employees on University property, at official University functions, or on University business is prohibited except as permitted by law, University policy, and campus regulations. Students violating these policies are subject to disciplinary action, including suspension or dismissal from the University, and may be referred for criminal prosecution and/or required to participate in appropriate treatment programs. Employees violating these policies may be subject to corrective action, including dismissal, under applicable University policies and labor contracts, and may be referred for criminal prosecution and/or required to participate in an Employee Support Program or appropriate treatment program.

Loss of Financial Aid for Conviction Involving Possession/Sale of Illegal Drugs

A conviction under federal or state law for any offense involving the possession or sale of illegal drugs will result in the loss of eligibility for any Title IV, HEA grant, loan, or work-study assistance (HEA Sec. 484(r)(1)); (20 U.S.C. 1091(r)(1)), if the conviction occurs during a period of enrollment for which the student was receiving Title IV HEA program funds.

Federal Laws and Sanctions

Under Federal law, it is a felony offense to sell or intend to sell, manufacture, or distribute Schedule I and II illicit drugs or mixtures containing them (e.g. cocaine, methamphetamines, heroin, Ecstasy, GHB, Ketamine, LSD, PCP, marijuana, and “designer drugs”) as well as “counterfeits” purported to be such drugs, or to traffic in marijuana or hashish. Depending upon the quantity of drugs involved, penalties for first offenses range from 5 years to life (20 years to life if death or serious injury involved) and fines up to $10 million or more, and for second offenses from 10 years to life (life if death or serious injury involved) and fines up to $20 million. Illegal trafficking in over-the-counter or prescription drugs (including anabolic steroids) have maximum terms of 5 years for first offenses and 10 years for second offenses, and heavy fines. Illegal possession of controlled substances can trigger federal prison sentences and fines up to $100,000 for first offenses, more for second offenses. Those convicted of possession or distribution of controlled substances can be barred from receiving benefits of federal programs, including student grants and loans, contracts, and professional and commercial licenses; may be subject to forfeiture of property used in or traceable to illegal controlled substance transactions; and, if non-citizens, subject to deportation.

California Laws and Sanctions

California law prohibits furnishing and selling alcoholic beverages to underage (younger than 21) or obviously intoxicated individuals. Underage persons may not buy alcoholic beverages or possess them on campus, in public, or in places open to public view; the penalties for violations of these laws may include substantial fines and jail. Alcohol may not be sold without a license or permit. State law also prohibits driving a motor vehicle under the influence (a blood alcohol level of .08 percent or higher creates a presumption of intoxication, but can be charged with lower blood alcohol levels); drinking or possessing an open container of alcohol while driving; and operating a bicycle while intoxicated. Drunken driving penalties include jail or prison, fines of $1,000 or more, driver’s license suspension or revocation, and required drug/alcohol treatment programs. Refusing to submit to a test for blood alcohol can result in suspension of driver’s license for up to 3 years. Sale or possession for sale of controlled substances such as cocaine, methamphetamine, heroin, Ecstasy, GHB, Ketamine, LSD, PCP, marijuana, and “designer drugs” is a felony with terms of 7 years or more; manufacture results in terms of 20 years or more; possession alone is punishable by up to 7 years in prison. Sentences are enhanced for previously convicted felons, for distribution within 1,000 feet of a school or University or within 100 feet of a recreational facility, and for distribution to a pregnant woman or to someone under 18 by one over 18. Property used in drug transactions can be seized.

Santa Cruz City Ordinances

Santa Cruz City ordinances defined in their municipal codes prohibit consumption of alcohol in public, possessing open containers of alcohol in public or at retail off-sale premises, and drinking in parks. City of Santa Cruz municipal codes also prohibit intoxicated persons from being in or around a
vehicle in public, unless the vehicle is controlled or operated by a sober individual; and prohibit individuals and organizations from hosting or allowing a party, gathering or event (defined as two or more persons assembled for a social occasion or activity) if underage persons are present and in possession of consuming alcohol. Sanctions (prohibition, jail, fines) are imposed in accordance with California state law.

Legal Risks Associated with Alcohol and Other Drug Use

All members of the university community are expected to comply with applicable federal and state laws, local ordinances, and campus policies governing alcohol and other drugs. These policies are addressed in detail in the UC Santa Cruz Student Policies and Regulations Handbook Appendix D: http://www2.ucsc.edu/judicial/handbook.shtml.

In addition to campus actions, individuals may face drug related legal penalties such as:

- Fine up to $100: Possession of less than one ounce of marijuana for personal use.
- Civil fines up to $10,000 per violation, jail sentence, and denial of federal benefits (e.g., financial aid): Simple possession of controlled substances (e.g., narcotics, hallucinogens).
- State prison sentence: Manufacture, cultivation, sale, or distribution of illicit drugs.

Health Risks Associated with Substance Abuse

Substance abuse can cause very serious health and behavioral problems, including short- and long-term effects upon the body (physiological) and mind (psychological), as well as impairment of learning ability, memory, and performance. Chronic health problems may arise from long-term abuse, and acute, traumatic reactions may arise even from one-time or moderate use. In addition to the toxicity of specific drugs, mixing drugs can compound toxic effects. Illegal, “counterfeit” or “designer” drugs may be toxic, contaminated, or have impurities causing poisoning, and can be lethal. Acute health problems may include heart attack, stroke, and sudden death (even first time use of cocaine or GHB). Long-term effects include heart and/or lung damage, high blood pressure, blood vessel leaks in brain, brain cell destruction, permanent memory loss, infertility, impotency, immune system impairment, kidney failure, and cirrhosis of the liver. Human Immunodeficiency Virus (HIV or AIDS), sexually transmitted disease, rape, unwanted pregnancy, injury, accidents, and violence can result from substance abuse. Using alcohol or other drugs while pregnant can cause fetal damage, birth defects, miscarriage and infant death. For additional information on health risks of substance abuse, see: http://www.drugabuse.gov/consequences along with the Santa Cruz County Emergency Survival guide: http://www.santacruzhealth.org/health/ems/3ems.htm.

Many campus and community resources are available, as well as emergency and assistance agencies (public, private nonprofit, and private for-profit). These include:

Nondiscrimination Policy Statement/ Student-Related Matters

The University of California, in accordance with applicable Federal and State law and University policy, does not discriminate on the basis of race, color, national origin, religion, sex, gender identity, pregnancy, physical or mental disability, medical condition (cancer related or genetic characteristics), ancestry, marital status, age, sexual orientation, citizenship, or service in the uniformed services. The University also prohibits sexual harassment. This nondiscrimination policy covers admission, access, and treatment in University programs and activities. University policy also prohibits retaliation for bringing a complaint of discrimination or participating in a complaint process or investigation pursuant to this policy. Inquiries regarding the University’s student-related non-discrimination policies may be directed to Student Judicial Affairs, (831) 459-1738, or e-mail: sja@ucsc.edu.

Inquiries regarding the University’s affirmative action, equal employment opportunity, and nondiscrimination policies as they relate to student employment may be directed to the Equal Employment Opportunity/Affirmative Action Office, (831) 459-3676 or e-mail: cbene@ucsc.edu. Inquiries regarding UC Santa Cruz Policy on Sexual Assault, the UC Policy on Sexual Harassment and Procedures for Reports of Sexual Assault(s) and Sexual Harassment and/or violations of Title IX may be directed to Title IX Coordinator/Sexual Harassment Officer, (831) 459-2462, or e-mail: rew@ucsc.edu. Student inquiries regarding disability or disability accommodations may be addressed to the Director, Disability Resource Center, (831) 459-2089; or e-mail: drc@ucsc.edu.

The following pages include the UC Santa Cruz Police Department 2010 CLERY Statistics and the UC Fire Department 2010 Annual Fire Safety Report.

UCSC Silicon Valley Extension, 2505 Augustine Drive, Santa Clara, CA 95054 had zero for all crime statistic categories.
University of California, Santa Cruz

2010 ANNUAL FIRE SAFETY REPORT

The federal Higher Education Opportunity Act, enacted on August 14, 2008, requires institutions that maintain on-campus student housing facilities to publish an annual fire safety report that contains information about campus fire safety practices and standards to the institution.

Campus crime statistics, Clery Act reports and annual reports can be viewed on the UCSC Police Department’s Reports and Statistics webpage at [http://police.ucsc.edu/reports.html](http://police.ucsc.edu/reports.html)

B. DESCRIPTION OF ON-CAMPUS STUDENT HOUSING FIRE SAFETY SYSTEMS

Residential Colleges:
http://housing.ucsc.edu/colleges/college-map.html
The following College residences are provided with fully automatic fire sprinkler systems and a fully automatic fire alarm and detection systems. Each sleeping room has a smoke and heat detector.

- Cowell College
- Stevenson College
- Crown College
- Merrill College
- Porter College
- Kresge College
- Oakes College
- College 8
- College 9
- College 10

Additional On-Campus University Sponsored Housing

The following residences are provided with fully automatic fire sprinklers systems and a fully automatic fire alarm and detection systems. Each sleeping room has a smoke and heat detector.

- The Village: http://housing.ucsc.edu/village/index.html
- The Redwood Grove Apartments: http://housing.ucsc.edu/redwoodgrove/index.html
- Crown/Merrill Apartments
- Graduate Student Housing: http://housing.ucsc.edu/gradsh/index.html

The following residences are NOT provided with automatic fire sprinkler protection or fully automatic fire alarm systems. Each individual unit is inspected yearly by housing staff to ensure that the smoke detectors in each unit are operable.

- Family Student Housing (199 Units 41 Bldgs.): http://housing.ucsc.edu/family/
- Recreation Vehicle/Trailer Park: http://housing.ucsc.edu/camperpark/index.html

The following locations are facilities NOT provided with automatic fire sprinkler protection, but DO have a manual fire alarm system.

- Cowell College Apartment Building #4 - French House/Scholars House (4 Units) - Building #127
- Merrill College Apartment Building Quad (4 Units) - Building #308
- Crown College Dorm (2 Units) - Building #161

C. NUMBER OF REGULAR MANDATORY SUPERVISED FIRE DRILLS

There were 48 fire evacuation drills conducted on the campus in 2010. The campus Fire Department supervises the drills for all on-campus student housing facilities.

D. POLICIES ON PORTABLE ELECTRICAL APPLIANCES, SMOKING AND OPEN FLAMES
http://www.housing.ucsc.edu/terms/index.html

On campus housing facilities have prohibitions against the following activities:

- Halogen torchiere-type lamps.
- Candles of any type, oil lamps, or any other device producing an open flame. Open fires.
- Hookahs, lanterns, smoking devices or other hazardous items.
- Cooking in your residence hall room using an open flame stove, wok, or hot plate or any other device that has heated coils.
- Storage of explosives or flammable materials (including fireworks).
- A vehicle with gas tanks within the buildings or parked outside in close proximity to the buildings (use parking lots).
- Do-it-yourself electrical wiring and extension cords. Use only approved surge protectors that have an internal circuit breaker.
- Restricting access to or from resident rooms or buildings—anything blocking hallways, entryways, stairwells or pathways
- BBQ grills, charcoal, lighter fluid or propane
- Portable heaters
- Smoking with 25 feet of a building door or window opening

E. FIRE SAFETY EDUCATION AND TRAINING PROGRAMS FOR STUDENTS AND STAFF

The campus Fire Department conducts fire safety and awareness training with every Residential Advisor prior to the start of the school year. The training consists of presenting typical fire hazards and the systems installed with the housing facilities to help make the environment safe from fire. The Fire Department also conducts fire extinguisher training with the students and staff throughout the school year.

Community Emergency Response Team Program (CERT)
The Community Emergency Response Team (CERT) Program educates staff and faculty housing neighborhoods about disaster preparedness for hazards that may impact their area and trains them in basic disaster response skills, such as fire safety, light search and rescue, team organization, and disaster medical operations. Using the training learned in the classroom and during exercises, CERT members can assist others in their neighborhood or workplace following an event when professional responders are not immediately available to help. CERT members also are encouraged to support emergency response agencies by taking a more active role in emergency preparedness projects on campus.

F. PLANS FOR FUTURE IMPROVEMENTS IN FIRE SAFETY

The campus is in the design stage for the renovation of the existing Family Student Housing Units (in phases). They will be replaced with new housing units which will be equipped with automatic fire sprinkler systems and fire alarm systems. http://housing.ucsc.edu/family/
